

# Skiing safely with social distancing! Feel safe on your skiing holiday! Covid-19 measures 2021/22

## SKIING SAFELY TOGETHER WITH SOCIAL DISTANCING! RESPONSIBLE AND WITH CONSIDERATION!

This winter will of course be a special one; there will be new challenges for all of us, but nevertheless, we will be able to enjoy it together!

We have implemented the official Corona virus prevention rules and requirements in our ski school & rental for this winter. So we can protect our guests and employees from infection to the highest degree!

By **adhering to the measures together** and treating each other **responsibly**, we will create a beautiful and safe ski winter!

### OUTDOOR-SPORT:

The important things first:

Winter sports, whether skiing, snowboarding, touring or cross-country skiing, all take place outdoors and therefore have a low risk of infection transmission!

In Rauris there is enough space on the slopes to keep your distance; which we will try to as much as possible.

### 2G PROOF & FFP2 MASK:

Compliance of the **2-G rule** (vaccinated or recovered) is mandatory for all group courses, private lessons and skiing in general.

(Except children under the age of 12 years)

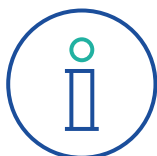

The FFP2 mask must be worn at the assembly points, in the gondolas, in the entry and exit areas of the gondolas and everywhere where the minimum distance cannot be maintained.

2 G rule and FFP2 mask naturally also apply in the ski school office and rental.

### SORTING THE GROUPS:

As always, we have staggered the sorting of the groups. The exact schedule and plan can be found when you arrive with us. This is adapted weekly in accordance to the number of guests and the time of year.

### LUNCH SUPERVISION:

Unfortunately it is not possible to offer lunch supervision this winter. We thank you for your understanding!

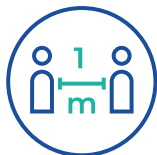

## MEETING POINTS:

We have a large beginners area where the meeting point for each individual group is precisely marked.

Our large meeting point in front of the ski school office is also organised and made as clear as possible.

## BEGINNERS AREA:

In our very large practice area for children and adult beginners there is enough space for social distancing.

We allocate the groups here over a large area.

## RACE & AWARDS CEREMONY:

Our end of the week race and award ceremony continues. We have simply adapted the start times to the groups in order to avoid crowds in the start and finish area. The award ceremonies only take place within the individual groups.

## ONLINE BOOKING:

We urge you to book the courses and equipment in advance in our **onlineshop** [www.ski-maier.at](http://www.ski-maier.at) this winter! In this way we can guarantee faster processing on site and a shorter stay in the ski school office and rental. Equipment is then prepared and reserved for you in advance and will just need to be picked up.

There is also a great demand for **private lessons**; we therefore ask you to book these online in advance so that we can organize the lessons as well as possible.

If you have only booked ski course and do not need to pick up any equipment, you are welcome to give the printout proof of your booking to your instructor, who will then exchange the printout for the relevant course card and avoid you entering the office.

**IMPORTANT:** Please inquire in advance by phone or email when the sorting out of groups will take place!

## REGULATION TRAINING:

For the safety of you and our employees, our ski instructors and rental staff will regularly be informed and trained with accordance to changes in the regulations. We understand it is important to show consideration for each other.

## CANCELLATION:

In the event of cancellation, we will **refund 100%** of your payment until up to 3 days before the start of the course or rental!
